COME HOME to DOONE on LOCKE, a VERY SPECIAL PROPERTY INDEED

Our property is fully and securely fenced, you cannot miss it, Doone is on the front gate, our long, aggregate driveway entices you into this half acre of superb, established landscape. Drive on up the drive, come on in to what is a period home, one that has been well maintained, significantly upgraded under the current ownership to be a very comfortable, spacious home. The residence set back from the street and perfectly nestled within its expansive landscape, the original milking bale is still on site, as is our original Garage and Carport, such an authentic property, one where the original elements have been retained, all the while upgrading for the owners comfort. Important to mention is this property has always had the annual Pest Inspection and Spray, this was due upon my taking this listing, we have a copy to share with you of this Report in your Buyer Booklets, or via email to you for review. Other elements to mention regarding this fabulous property are:
