The home boasts high-end European finishes, including Italian tiles in the bathrooms with underfloor heating and predominantly German appliances in the kitchen. Comfort is assured with extensive double glazing, an open gas fire and three heat pumps, ensuring a cozy environment even when the sun isn't shining.

On the lower level, you'll find a fully operational, heated indoor swimming pool which opens onto a private deck where you can relax in the afternoon sun.....An absolutely unique experience not many get to enjoy! There is a further utility room downstairs, with plans to convert to a fourth bedroom if required, a separate laundry, a third toilet, and ample garage space for at least four vehicles.

This truly is a one of a kind home that all astute buyers are encouraged to inspect.
