you remodel (STCA).

Other upgrades have been completed or started for you; in the kitchen, modern benchtops stretch over white cabinetry, newly tiled splashbacks provide an easy-clean surface, and a statement stainless rangehood services the combined electric cooker/oven. Elsewhere, there's finessing to be done on wall work underway in the main entry, and - if you wished - you could swap out the section of mirrored wall panelling and bedroom robes for contemporary equivalents.

Currently, both the lounge/dining and kitchen areas open onto a lengthy covered back patio overlooking the expansive lawned yard. There's potential to add to the home's living space with a rear extension, perhaps bringing a second bathroom in, or you might prefer to elevate the alfresco entertaining offering with a fancy new outdoor party hub - the options are many (STCA).

Downstairs is basic, but with more untapped development potential (STCA). As is, a big laundry/storage room with backyard access extends directly off the single garage, a tiled multi-purpose room beside it that could work as a home gym, hobby hub, or study.

If you do make further improvements here, you'll only build on what is already an exceptional proposition in a family-friendly location. Along with walking distance proximity to Wishart State School and St Catherine's Catholic Primary, it's an easy cycle for teens to Brisbane Adventist College and coveted Mansfield State High. Shopping hubs like Westfield and Mt Gravatt Plaza are a short drive, with buses running regularly from nearby stops.

So, take over the reins of this semi-renovated charmer and create a heavenly haven for your family.
