

696a Tower Road, Matamata

Proven dairy unit in prime location

Set on 66.53 hectares (more or less) of highly productive Waihou sandy loam soils, this well-established dairy farm combines reliable performance, good infrastructure - all within 8 minutes of Matamata on Tower Road.

Currently milking 185 cows through an 18-aside herringbone shed, the farm has achieved an impressive five-year average production of 76,147 kg/ms, reflecting sound management and fertile soils.

Good support buildings include multiple sheds and barns, providing all the storage and functionality a modern dairy operation requires. Effluent is managed via a lined pond and travelling irrigator, ensuring compliance and sustainability, while town water supply adds convenience and reliability.

The property enjoys a flat to easy contour with picturesque rural views extending to the majestic Kaimai Ranges - a stunning backdrop to a productive and well-presented farming operation. The farm backs onto the Waihou river and even has its own duck pond and specimen shade trees throughout the property.
